

FUTURE CORPORATE CLIENTS

Q: What is Corporate Massage?

A: *Corporate Massage*: Short/effective sessions that focus primarily on specific problem areas. We use massage table vs using the chair because it obscures the imbalances that occur from heavy workloads, long commutes and everything in between.

Q: What are the benefits of Corporate Massage?

A: When employees feel energized and comfortable at the office, they are more productive in their work. Our Team of dedicated staff bring massage, yoga, and educational workshops to your office. We educate employees on their body's challenge areas and give them techniques to correct them. We believe employees, and employers are happier, healthier and more productive when corporate and wellness unite!

Q: Table or Chair Massage?

A: Table! Read why [HERE!](#)

Q: How does the Massage program work?

A: Excellent Question! Each company has a unique contract with set hours with time increments. For example, you can have 15, 20, or 30-minute increments depending on how many employees your company has. We send out an email inviting employees to register for corporate massage sessions by visiting our [Website!](#)

Q: Why choose Be Mobile Wellness?

A: Besides having excellent state licensed and certified Massage therapists, our team provides customized sessions for each employee depending on their problem areas. Employees are encouraged to inform the therapist if they need a specific area worked on.

Q: How does our company schedule the employees for massage sessions?

A: Actually, Be Mobile Wellness takes care of scheduling and any details included at no additional cost. Our online system allows us to alert the employee to eliminate no-shows.
